

ADULT SUPERVISION REQUIRED AT ALL TIMES

Buzzy Bee BOPPERS

Brighten up learning from home with a pair of buzzy bee boppers. Wear them whilst you're being a busy bee to help you concentrate or bring some fun to play time and pretend you're a bee buzzing around the garden.

YOU WILL NEED:

- Headband
- 2 paper straws
- 2 pipe cleaners
- Scissors
- Tape
- Crayons, felt pens or paints

INSTRUCTIONS:

1. Push the pipe cleaners through the straws until you have one short end of the pipe cleaner sticking out of the top and a longer end at the bottom.
2. Wrap the long part of the pipe cleaner around your headband. Try wrapping once to the left and once to right of the straw to make sure it's secure. Repeat with the second straw.
3. Now choose which shape you want for the top of your bee boppers. Cut your favourite shapes out and decorate them with coloured pens or paints. Why not colour the straws in a stripey bee pattern too?
4. Use tape to stick the top of your straw to the back of your chosen shape. Make sure you tape both the pipe cleaner and the straw to make it extra secure.
